Thursday November 12

7.45 am
Registration and welcoming of participants

8.00 am
**Theoretical session**
- Preoperative assessment of patients undergoing ERCP
- Biliopancreatic radiological anatomy
- Cannulation of the biliary and pancreatic ducts
- Endoscopic sphincterotomy of the major and minor papilla
- Biliary stones extraction
- Biliary and pancreatic stenting
- EUS-guided and EUS-ERCP hybrid procedures
- Prevention and treatment of complications

10.30 am
**Live or pre-recorded ERCP**
- Endoscopic sphincterotomy
- Stones extraction
- Biliopancreatic stenting
- EUS-guided procedures

1.00 pm
Lunch at the Institute

2.30 pm
**Experimental laboratory hands-on training on mechanical simulators**
- Biliopancreatic cannulation: from basic to advanced
- Endoscopic sphincterotomy and pre-cut
- Stones extraction
- Single and multiple stenting with plastic and metal stents

6.00 pm
End of session

8.00 pm
Dinner in honor of participants

---

You can register online for IRCAD courses at [www.ircad.fr](http://www.ircad.fr)

Or use this code for a flash registration for this course
Friday November 13

7.45 am
Evaluation of the previous day

8.00 am
Experimental laboratory hands-on training on mechanical simulators
- Biliopancreatic cannulation: from basic to advanced
- Endoscopic sphincterotomy and pre-cut
- Stones extraction
- Single and multiple stenting with plastic and metal stents
- Complex clinical scenarios

12.30 pm
Lunch at the Institute

1.30 pm
Video cases marathon

Closing remarks

4.30 pm
End of course
Delivery of certificates of attendance

Course objectives
- To provide the knowledge required to make progress in the field of biliopancreatic endoscopy
- To describe the technical steps which are used for advanced endoscopic procedures
- To describe results and potential complications, and how to prevent them
- To practice on mechanical simulators in order to give participants the technical capacity to improve their expertise

Educational methods
- Interactive theoretical and video sessions between Faculty and course participants
- Live and pre-recorded operative demonstrations
- Hands-on sessions in biliopancreatic endoscopy on mechanical simulator under expert tutorial
